Sir :

(Signed) EDWARD CARDWELL,

*Colonial Secretary's Office.*  
*Victoria, 29th July, 1864.*

His Excellency the Governor has directed the publication for general information of the following circular, addressed to the Governors of Her Majesty's Colonies, who forwarded in due course answers to the interrogatories which accompanied the Circular Despatch of the 1st of January, 1863.

By His Excellency's command.

HENRY WAKEFORD,  
Acting Colonial Secretary.

6th April, 1864.

Sir :

On the 1st January, 1863, I addressed to the Governors of Her Majesty's Colonies a Despatch requesting answers to one series of interrogatories respecting Public Hospitals, and to another respecting Lunatic Asylums. I received in the course of last year from yourself and the Governors of other Colonies such answers as you and they had been enabled to furnish. I have had the information thus collected under my consideration, with a view to ascertain what steps can be taken for the improvement of Public Hospitals and Lunatic Asylums in the Colonies.

In this country by far the greater number of hospitals owe their existence to the bounty and philanthropy of private persons; and the beneficent spirit in which they originated has attended them continually, inducing by the efforts and care of those who took an interest in them progressive improvement of structure, arrangements, management and supervision. In the Colonies institutions of this nature have been almost universally founded and supported from public funds, and they are dependent for their well-being on the Executive and Legislative Authorities.

I regret to find that, generally speaking, the state of these institutions in the Colonies, though not perhaps worse than in England at a former period, is yet widely and deplorably different from what would be now considered in this country to be consistent with the humane objects they are designed to promote; whilst in some cases, though not, I trust, in very many, the state of Colonial Hospitals or Lunatic Asylums would seem to be such as can hardly be deemed to be consistent with humanity itself.

I am persuaded that the state of these institutions is in general to be attributed less to any wilful and deliberate neglect on the part of the Legislative and Executive Authorities than to a want of adequate knowledge of what such institutions ought to be, and of the methods by which improvements are to be brought about, and in the case of some of the smaller colo-

nies, no doubt, it may be ascribed to a want of adequate funds and resources.

With a view, therefore, to supply all the information in my power, I have placed myself in communication with the College of Physicians, and with the Commissioners in Lunacy, and I have caused a digest to be prepared of the answers to my interrogatories received from the colony under your government, and from others, which digest is preceded by an account of the general condition of the Hospitals and Lunatic Asylums in the colonies, a summary of the classes of defects more generally prevailing, and suggestions for the cure of such defects.

I am confident that in the interests of humanity the exposition of the subject thus afforded will command, not only your own serious attention, but also, if necessary, that of the Legislature; and I shall hope to receive from you in due time a special report of any improvements which may have been effected in the Hospitals and Lunatic Asylums within your government, accompanied by a statement of those which remain to be effected, in order to bring those institutions into a not unfavorable comparison with those of this country; and I shall be anxious to be made acquainted with the steps which may be in progress or in contemplation for this purpose.

I have the honor to be, sir,  
Your obedient servant,  
(Signed) C. FORTESCUE,  
in the absence and by the authority of  
the Duke of Newcastle.
